

## Risk Assessment: TBH Juniors - Outdoor

Date:	Assessed by:	Location :	Review :
17/09/20	Ian Pickett, David Moir, Morag Kerry	Outdoor training sessions	17/09/21

What are the Hazards?	Who might be harmed and how?	What are you already doing?	Risk Rating	What else can you do to control this risk?	Resultant Risk Rating	Action by whom	Target date	Complete
Trips, slips & falls	Children and leaders may be harmed as a result of a fall, trip or slip.	<ul style="list-style-type: none"> <li>Routes are selected to ensure there is adequate lighting and minimal street furniture.</li> <li>Each group has an adult leader who visually identifies any problems and highlights these.</li> <li>Loose shoe-laces are identified and children asked to stop and tie/correct them.</li> <li>Sessions are cancelled if the weather is likely to result in an unacceptable risk such as ice.</li> <li>Children are asked to wear sports appropriate clothing and shoes.</li> <li>Juniors leave spare clothing and equipment in the sports hall to avoid the risk of a trip or slip.</li> </ul>	L		L	No action		

Sporting injury	Children may be injured as a result of over-exertion or inappropriate training session.	<ul style="list-style-type: none"> <li>• Children are grouped into ability set to ensure that they are training at an appropriate level.</li> <li>• All sessions are organised by someone with an appropriate Coaching qualification.</li> <li>• Additional leaders and volunteers provide support to provide additional care to children who are struggling.</li> <li>• Children will be coached according to the UKA 1:12 guidance ratio to ensure adequate supervision.</li> </ul>	L		L	No action		
Collisions & impacts	Children may be injured as a result of running in to objects or other children.	<ul style="list-style-type: none"> <li>• Coaches and leaders organise sessions so they minimise the risk of child/child contact.</li> </ul>	L		L	No action		
Apparatus, equipment	Children and leaders could be injured as a result of a failure of a piece of sporting equipment.	<ul style="list-style-type: none"> <li>• Coaches organise the sessions and ensure that only appropriate equipment is used by the children.</li> <li>• Equipment is inspected as it is used to ensure there are no immediate signs of wear and tear or failure.</li> </ul>	L		L	No action		
Emergency evacuation (eg fire alarm)	Children, leaders or parents could be injured as a result of an emergency or may not receive adequate treatment if there is a delay.	<ul style="list-style-type: none"> <li>• Mobile phones are carried by leaders to summon emergency services whilst out training, and also to contact each other (leader contact list shared amongst leaders)</li> <li>• Annual Fire Evacuation drill held at NHSG</li> </ul>	L		L	No action		

Safeguarding	Children could be exposed to physical or mental abuse as a result of inappropriate actions by a coach, leader, parent or other junior.	<ul style="list-style-type: none"> <li>• All coaches and leaders to be DBS checked by UKA.</li> <li>• All parent helpers to sign a personal declaration form sharing any relevant information.</li> <li>• No children will be coached on a 1-2-1 basis.</li> <li>• Children under the age of 8 will need to have a parent present.</li> <li>• Coaches and leaders to undergo safeguarding training as part of their qualifications.</li> <li>• Children not to be accompanied to bathrooms and must be independent in their use or have a parent/guardian available.</li> <li>• Social media policy in place</li> </ul>	L		L	No action		
First Aid treatment	Children could be harmed as a result of not having necessary medical aid such as asthma inhalers or they could receive inappropriate treatment (allergic shock etc).	<ul style="list-style-type: none"> <li>• Details of allergies / medical conditions asked for on first trial session, then again on the membership form. Juniors and parents told to bring inhalers or other medication to training sessions if required.</li> <li>• Leaders will be asked if they would be willing to obtain a first aiders qualification (paid for by TBH)</li> </ul>	L		L	No action		
Vehicle traffic	Children could experience an impact with a vehicle.	<ul style="list-style-type: none"> <li>• Routes are selected that require the minimum amount of road crossing.</li> <li>• Juniors don't train on open roads</li> </ul>	L		L	No action		

		<ul style="list-style-type: none"> <li>• Juniors and leaders must wear high-viz clothing when they're training on darker evenings. A supply of high-viz is available for anyone who doesn't bring it.</li> <li>• Juniors always cross the road with a leader in attendance.</li> <li>• Leaders audible confirm when they see bicycles and instruct the juniors where to run.</li> <li>• Briefing always given at the start of the session in respect of hazards / other path users</li> <li>• Parents asked to drop off / pick up younger children directly, and not just let them make their own way. U12s will not be allowed to leave unless a parent has come to collect them.</li> </ul>					
Exposure due to poor weather conditions.	Children could suffer the effects of training in cold or wet conditions without appropriate clothing.	<ul style="list-style-type: none"> <li>• Sessions are cancelled if the weather is thought to be problematic.</li> </ul>	L		L	No action	

Any incidents or near misses must be recorded using the Tyne Bridge Harriers incident form and any actions implemented immediately. Incidents and near misses must be reviewed annually by the committee and the risk assessment reviewed at this time.
